Electronics package for sportsboats

Nova Sail's new NS360RC allows tracks to be viewed in Google Earth

Performance electronics manufacturer Novasail have introduced the NS360RC, a complete racing system derived from their NS360 technology. The package includes a GPS speedo, magnetic compass, wind shift indicator, race timer and all other essential race functions (VMG, distance to the start line).

VISITORS:

"The Daily Sail is at the Pin End of my Bookmarks Bar, and one of the very few subscriptions I am happy to pay for on the Internet. James and his team do an outstanding job covering our sport."

*Ian Stewart, chairman
SevenPeaks Capital,
founder WiReD Magazine,
sailor*
